## SVB Securities Serves as Exclusive Financial Advisor to Human API on its Sale to LexisNexis Risk Solutions, a part of RELX (NYSE: RELX)

### Key Transaction Highlights

- LexisNexis Risk Solutions, part of RELX (NYSE: RELX), today announced its exclusive Human API, a leading provider of a proprietary consumer abuse data platform.
- LexisNexis Risk Solutions and Human API will deliver a next-generation consumer account management solution that enables more seamless delivery of care:
  - This account management solution will better access to their healthcare data and insurance resources that can improve care coordination and optimize the customer experience.
  - Together, we can get optimal healthcare outcomes more quickly at the fingertips of the people who need it – whether that is consumers, healthcare organizations or the insurance carriers – and the broader, 2BB marketplace. LexisNexis Risk Solutions, Human API and LexisNexis Risk Solutions can create a more seamless method of reducing sensitive health records while maintaining the privacy of sensitive personal data and helping the healthcare and insurance communities improve their understanding of care.
- Insights and insights from LexisNexis Risk Solutions and Human API enables partners to easily provide that care teams with access to the critical health information they need to make more informed decisions. Improve care and help consumers provide the important healthcare and insurance companies need to more easily and easily offer the services.
  - "We are incredibly excited about what our combined data can offer for the individuals and partners at LexisNexis Risk Solutions and how we'll provide the full Human API has been an exciting day and another exciting challenge and one for the successful future of consumers and businesses," said Andre Pop, CEO of Human API, part of LexisNexis Risk Solutions.

### About RELX and LexisNexis Risk Solutions

LexisNexis Risk Solutions leverages its years of data and advanced analytics to provide insights that help businesses and governmental entities reduce risk and improve decisions to benefit people around the globe. The company provides data and technology solutions for a wide range of industries including insurance, judicial services, healthcare and government. Headquartered in Irvine, CA, LexisNexis Risk Solutions has offices throughout the world and is part of RELX Group (NYSE: RELX), a global provider of information and analytics for professional and business customers across industries.

### Human API

Human API's Health Intelligence Platform connects and connects health data into a valuable intelligence that optimizes understanding, improves decision-making, and streamlines complex experiences. The company's platform is powered by a robust and comprehensive data network which includes access to healthcare health records (HIE), insurance health information exchanges (HIEs), pharmaceutical, and traditional API network partners. Coupled with great customer experience capabilities and solutions for the healthcare ecosystem, the platform enables the growth of our platform in various industries and the right time. Human API's solution is helping leading entities easily access and use their data to facilitate understanding and customer experiences.
